About Us

The **ARMADILLO STRING QUARTET** was founded in 1989 at the University of British Columbia. Since then, original members, David Glavina & Nancy Enns (native of Winnipeg), have helped to establish the quartet's international reputation by touring and performing on six continents.

The quartet consists of 2 violins, 1 viola and 1 cello, yet what sets us apart from all other string quartets is our vast & eclectic repertoire, which has been the hallmark of our success!

Over the years, the quartet has performed for many private functions including: wedding ceremonies, receptions, parties, dinners, corporate events and special concerts. In 1993 the quartet began performing on board luxury cruise ships and has since entertained audiences world-wide.

During our travels, we have developed an eclectic repertoire with broad appeal, including the traditional Classics (music of the Baroque, Classical & Romantic periods) as well as jazz standards, Broadway show tunes, Gypsy melodies & international folk music. We satisfy every musical taste!

The group consists of Winnipeg's finest musicians. Members are very experienced performers holding Masters Degrees and Artiste Diplomas from various universities and have appeared with orchestras and festivals across Canada.
